

## **EAP300**

Long Range Ceiling Mount Access Point

- 2.4 GHz
- 300Mbps
- 11b/g/n
- 29dBm

## **PRODUCT OVERVIEW**

EAP300 is a 300Mbps wireless-n ceiling mount AP which offers users extended coverage, strong penetration, secure network management and simple connection.

It provides extended coverage and at least 3 floors penetration in your environment. MSSID + VLAN make your data more secure and easy management. Standard PoE interoperable with 802.3af makes internet connection more flexible.

EAP300 designed as a Ceiling mount AP which will not violate your interior decoration. Only 3-step makes setting AP up simpler. EAP300 is the perfect choice for home and small business.
